## **Washington County Johnson City Animal Shelter Foster Parent Agreement**

The purpose of the foster care program is to expand the quality of care given to the animals that are sheltered at the Washington County Johnson City Animal Shelter. The service you are providing by being a foster volunteer will be rewarding to you, and most importantly, for the pet. We at the WCJCAS thank you for your time and effort.

It is important that you agree and follow the guidelines below. Failure to do so could result in your removal from the foster care program.

I agree to hold WCJCAS harmless from any direct or consequential damages arising out of this foster care agreement and to abide by the following conditions:

1. The WCJCAS retains all rights and ownership of any animal in the foster care program. The WCJCAS has the right to recall any fostered animal to the shelter at any time.
2. The WCJCAS makes all decisions regarding animals to be placed in foster.
3. Foster volunteer is at least 21 years of age or older. If living at home with a parent or guardian, must have written consent from parent or guardian.
4. If foster volunteer lives in a rental property, written consent of landlord may be obtained.
5. Foster volunteer agrees to provide food, water, shelter, and TLC to the foster animal and to follow all medical instructions.
6. Foster animals must be returned to the WCJCAS as soon as they are well, old enough for adoption, or upon request by the WCJCAS.
7. Only authorized foster volunteers may care for foster animals. Foster animals must not be left under anyone else's care without authorization from the WCJCAS.
8. The WCJCAS is not liable for any injury, illness, or damage to persons or property, including owned animals, while an animal is in the foster home. Foster volunteer understands that many viruses have an incubation period of 7-14 days, and further understands that such viruses may be contagious and may infect resident pets. Foster volunteer accepts that risk and the responsibility of treatment of resident pets if necessary, at own veterinarian and at own expense.

9. The WCJCAS may visit a foster home at any time providing that the foster volunteer is given prior notice. Prior notice is not required for the repossession of an animal when a foster volunteer fails to bring the animal back to the WCJCAS as requested.

10. Any and all adoptions of foster animals will be made through the WCJCAS and are subject to the same guidelines as any other adoption.

11. Any outside inquiries on foster animals are to be directed to the WCJCAS.

12. All of the foster parents' current pets are to be current on all of their required vaccinations.

13. Animals are matched to foster volunteers by the WCJCAS based on volunteer's experience, ability, and priority needs of animals.

14. WCJCAS will inform you of the estimate length of foster care term, but the time frame is subject to change based on the individual animal's needs.

15. Foster volunteer agrees to return foster to WCJCAS for follow ups and appointments, generally every 2 weeks if a puppy or dog recovering from surgery.

16. Fostered dogs must be kept indoors with outside access. When dog is outside, he or she must always be on a leash.

17. Foster animal with contagious disease must be kept away from other animals. Foster volunteer must have the facilities (use of separate room) to isolate foster animal with contagious diseases.

18. Foster volunteers must contact the WCJCAS for all foster care needs and questions.

I have read and understand this agreement and conditions to the above terms for the WCJCAS Foster Care Program.
